WYCC JOINT VENTURE

Position the WYCC for the future so that it can adapt to Government policy, and be fleet of foot and entrepreneurial in its response to tender opportunities.

The collaboration framework will aim to provide:-

- Savings and improve efficiencies for WYCC through a shared approach to tenders.
- New income streams
- Stimulate other collaborative innovations (internally and/or externally)
- Maintain college independence, where required

WYCC PROJECT INVESTMENT

Reach Higher

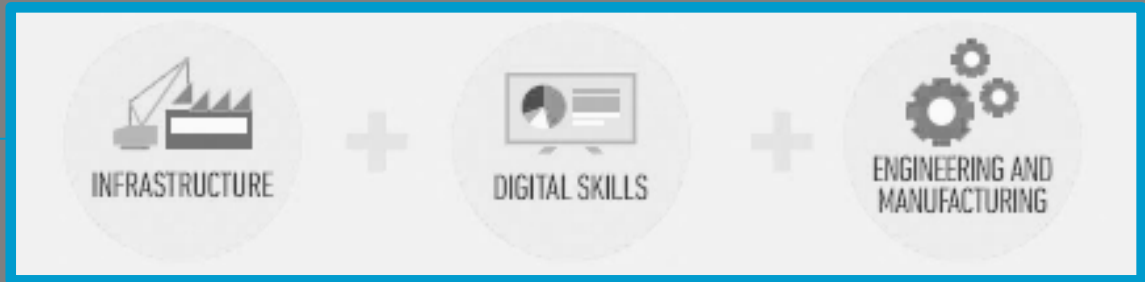

Addressing Skills Shortages

More Skills Better Jobs

Supporting 'Inclusive Growth'

REACH HIGHER

- £3.5 million investment
- Addressing Skills Shortages
- Widen participation in higher level skills
 - Increase take up high level education and training
 - Improve the employability
- Support for work placements, internship and conversion programmes
- Programme co-designed by employers within priority sectors
- Leading to employment where there are skills shortages and barriers to growth in the City Region

MORE SKILLS BETTER JOBS

- £2 million investment
- Supporting Inclusive Growth
- Tackling the In Work poverty agenda through skills development
- Piloting Approaches to In Work Progression
- Apply JRF best practice & recommendations into service design & delivery
- Supporting individuals who don't traditionally engage with training
- Increased labour and social mobility and greater earning potential.
- Reduce the gender employment & wage gap
- Reduce the risk of underemployment
